**INFO-TECH CITROËN Racing C2 R2 MAX N° 20/09.**

**Subject :** Gearbox, reliability and performance upgrade.

Dear Customers,

We ask you to pay attention about a reliability and performance upgrade of your C2R2 / C2R2 MAX gearbox. This upgrade is concerning secondary shaft screw and differential evolution, already available at CITROEN Racing Customer department shop.

- Secondary shaft screw (**reliability**, prevent the unscrewing and gearbox damages).
- Differential (**performance**, better differential using and better traction).

To get this upgrade, you can send your complete differential and your equiped secondary shaft, or your complete gearbox directly to SADEV. In both case and if necessary, SADEV will do a quotation concerning a rebuilt or parts changing (as dogs, wheels, bearings and so on). This labour will be done only with your agreement.

**EVO 1 Kit** : Sending of your equiped secondary shaft and your complete differential.

Price : **267,30 €/without VAT** (Promotional price until 2009 15th of December, without back delivery and rebuilt if necessary).

Delivery time : 7 working days.

**Kit EVO 2** : Sending of your complete gearbox.

Price : **378.00 €/without VAT** (Promotional price until 2009 15th of December, without back delivery and rebuilt if necessary).

Delivery time : 7 working days.

**Delivery address :**

SADEV  
6 rue des Grand'Montains  
85110 SAINT PROUANT  
FRANCE

A new gearbox catalog / notice sheet is available on our webiste. You can download it by the following link :
