

**C2 R2 MAX**

Version 03 – 02 April 2009

***F11***

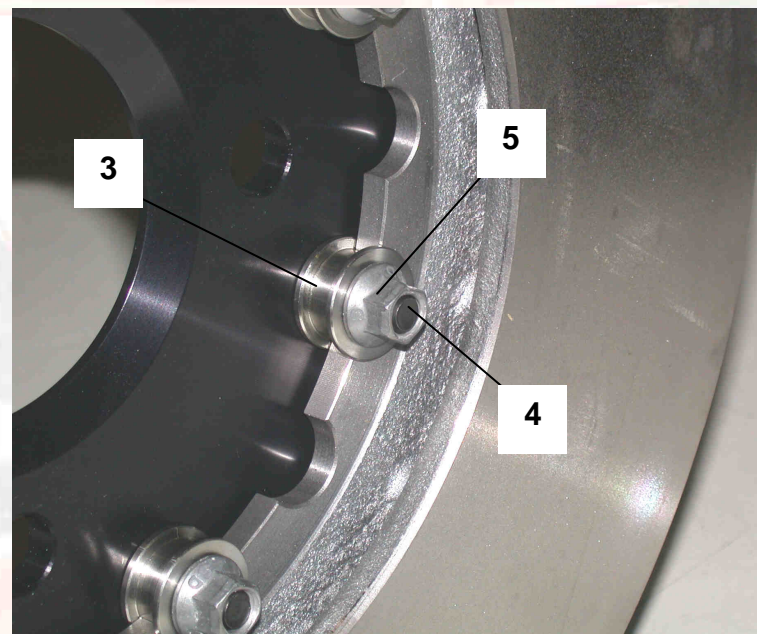

***BRAKE DISKS***

### Fitting front brake disks - asphalt tracks.

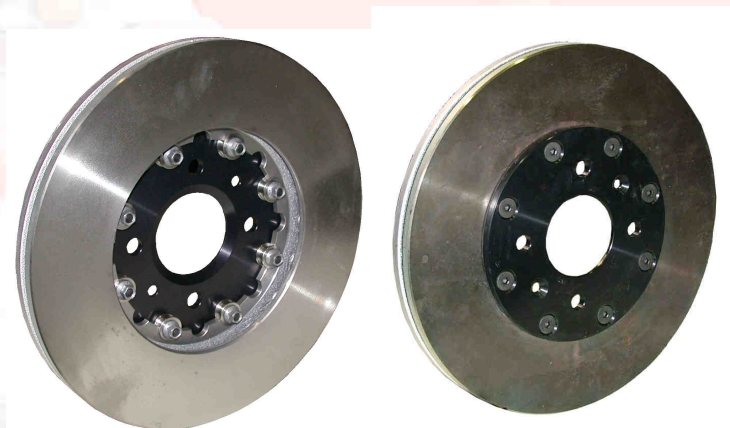

Fit the bowl with the brake disk, using the spools ([ref.3](#)), the screws ([ref. 4](#)) and the nuts ([ref. 5](#)).

Be sure to fit the bowl in the right direction; the chamfers intended to receive the countersunk screws must not be fitted on the brake disk side.
